

Hello neighbours!

Your community is moving closer to providing more affordable housing options in Cambridge.

A new affordable housing development opportunity is coming to 30 Lauris Avenue, Cambridge. In 2021, Regional Council identified the property through a mixed-income model for the provision of affordable housing. As part of this redevelopment plan, the Region is creating three new single detached lots through a severance application to be sold on the open market.

The retained lands will be developed following completion of planning applications and a public Request for Proposal (RFP) to private and non-profit developers later this year.

You are invited to two upcoming events to learn about the project.
